The 100-acre campus offers a central library with over 1.4 lakh volumes, advanced labs, a 5-star rated hostel, and future-ready infrastructure. Research thrives at V-Hub Innovation Centre, AICTE IDEA Lab, and 30+ research labs, supported by 250+ patents and 2000+ Scopus/WoS publications.

MBU is where innovation meets opportunity, preparing future-ready leaders for the digital world.

Centre for Distance and Online Education (CDOE)

Centre for Distance and Online Education (CDOE) at Mohan Babu University is a pioneering initiative that redefines how higher education is delivered and experienced. It is built on the belief that quality education should not be limited by geography, time, or financial constraints.

In today's digital-first, fast-evolving world,

learning is no longer a one-time activity but a lifelong journey. Professionals need to upskill and reskill continuously, while students require flexible and globally relevant programs to remain competitive. CDOE addresses this transformation by offering future-ready programs that are accessible, affordable, and industry-driven.

Vision

To democratize quality higher education by making it:

Accessible: Available to learners across India and abroad, regardless of location.

Affordable: Offering cost-effective, flexible education pathways.

Industry-Oriented: Designed to meet the needs of the global workforce.

Future-Ready: Preparing learners for careers in emerging and traditional sectors alike.

Mission

Bridge the Gap: Seamlessly connect traditional education with the evolving needs of the workforce.

Empower Learners: Provide technology-enabled platforms that make learning interactive, engaging, and personalized.

Deliver Global Standards: Offer programs benchmarked against international best practices while retaining Indian cultural values and ethics.

Foster Lifelong Learning: Encourage continuous education beyond degrees, enabling learners to thrive in a dynamic world.
